## Eastland, Texas

Largest Growers and Collectors of Cacti and Desert Flora In the World  
IMPORTERS AND EXPORTERS

Operating under dealer's permit and inspection, Texas. State Dept. of Agriculture No.—

These prices are net, FOB Eastland, Texas. Cash with order. No substitution unless authorized. Satisfaction or money refunded.

### CULTURAL DIRECTIONS

Cacti do well in any soil containing lime. They must have perfect drainage. They should never be set in glazed or glass container. They can be watered often if given good drainage, but should have a rest period of from two to three months each year, during which time they should have but very little water. Give plenty of light but protect from direct sunlight in summer time.

To catalogue the following plants and give all of their characteristics would involve an expense that would necessarily increase their price to three times the value quoted. All plants marked \* are hardy to zero. This list is not complete and we have thousands of plants not listed, or can obtain same in a reasonable time. Collection agencies maintained in West Indies, Central America, South America and Africa.

AGAVES 21 Varieties . . . . . 5c to 50c each

ALOES 30 Varieties . . . . . 5c to \$1.00 each

ALOES sub-variety Haworthia, Gasteria, and Bulbine caulescens  
. . . . . 5c to \$1.00 each.

ASCLEPIADACEAE—caralluma, ceropegia, diplicyatha, duvalia echidnopsis, huernia, heurniopsis, hoodia, jiaranthus, stapelia and trichocaulon  
. . . . . 5c to \$1.00 each

CRASSULACEAE—adromischus, aeonium, cotyledon, crassula, echeveria, graptopetalum, greenovia, kalanchoe, kitchingia, monanthes, oliveranthus, orostachys, pachyphytum, sedum, sempervivum, and umbilicus.  
. . . . . 5c to \$1.00 each

MESEMBRYANTHEMA—acrodon, aptenia, argeta, bergeranthus, carruanthus, cephalophyllum, chasmatophyllum, cheiridopsis, corpuscularia, cylindrophyllum, delosperma, ebractea, echinus, echinatus, faucaria, gibbaeum, hereroa, lithops, machaerophyllum, mentocalyx, mesembryanthemum, nananthus, odontophorus, oscularia, perissolobus, pleiospilos, rabica, rhombophyllum, roodia, ruschia, schoenlandia, stomatium, titanopsis and trichodiadema . . . . . 5c to \$1.00 each

EUPHORBIAS—Obesa . . . . . 50c to \$5.00 each. Limited  
Antiquorum, alcornis, aggregata, anlisyphilitica, bubalina, carnariensis, cereiformis, commelinii, grandicornis, mammillaris, marlothii, meloformis, pseudocactus, squarrosa, schimeriana, pteroneura, caput-medusae, inermis, viperina, hermentiana, dinterii, teniurania, rangeana, frankeana, susannae, thynoloides, lemiareana, sub-mamillaris, resinifera and neuifolia  
. . . . . 25c to \$5.00 each

KLEINIAS, ROCHEAS, PORTULACARIAS and ANACAMPSEROS  
5c to \$1.00 each.

## C A C T I

APOROCACTUS flagelliformis, Rat-Tail . . . . .	25c to \$1.00 each.
ARIOCARPUS fissuratus, Living Rock . . . . .	10c to 50c each.
ACANTHACEREUS pentagonus, Night-blooming . . . . .	10c to 50c each.
HYLOCEREUS undatus, Night-blooming . . . . .	10c to 50c each.
LOPHOPHORA williamsii, Peyote . . . . .	10c to 50c each.
*EPITHELANTHA micomeris, Button cactus . . . . .	10 to 50c each.
*THELOCACTUS bicolor . . . . .	10c to 25c each.
*NEOBESSEYA texensis, similis and missouriensis . . . . .	10c to 25c each.
*NEOLLOYDIA texensis . . . . .	10c to 25c each.
ANCISTROCACTUS scheeri, Fish-hook . . . . .	25c to \$1.00 each.
*HAMATOCACTUS setispinus, Fish-hook . . . . .	10c to 25c each.
ASTROPHYTUMS (Division of Echinocactus—Mexico).	
Asterias (Sea Urchin) . . . . .	25c to \$2.50 each.
Ornatum mirbelli . . . . .	25c to \$5.00 each.
Myriostigma (Bishops cap) . . . . .	25c to \$5.00 each.
*HOMALOCEPHALA TEXENSIS (Echinocactus) . . . . .	10c and \$1.00 each.
ECHINOCACTUS—	
*Horizonthalonius, (nigger head) . . . . .	10c to 50c each.
Grusonii, (Golden Ball) Mexico . . . . .	25c to \$10.00 each.
Ingens, Mexico . . . . .	25c to \$1.00 each.
Recurvus, Mexico . . . . .	25c to \$1.00 each.
Electracanthus, Mexico . . . . .	25c to \$1.00 each.
Pilosus, Mexico . . . . .	25c to \$1.00 each.
ECHINOMASTUS (Division of Echinocactus)	
*Intertextus . . . . .	10c to 25c each.
ECHINOPSIS, spherical cactus with large showy flowers, native of South America.	
Multiplex, Brazil . . . . .	25c to \$1.00 each.
Eyriesii, Uruguay . . . . .	25c to \$1.00 each.
Turbinata, Argentina . . . . .	25c to \$1.00 each.
Tubiflora, Argentina . . . . .	25c to \$1.00 each.
Multiplex cristata . . . . .	\$1.00 each.
PEROCACTUS, Large growing fish-hook species.	
*Uncinatus . . . . .	10c to 50c each.
*Hamatacanthus . . . . .	50c to \$5.00 each.
*Wislenzii (Candy Barrel) . . . . .	50c to \$5.00 each.
Latispinus, Mexico . . . . .	50c to \$10.00 each.
Rectispinus, Mexico . . . . .	50c to \$10.00 each.
ECHINOCEREUS, low cluster forming plants.	
*reichenbachii, *ceasitosus, *pectinatus, *dasyacanthus, *stamineus, *chloranthus, *enneacanthus, *viridiflorous, *fendleri, pentalophus, papillosus, and rosei . . . . .	5c to 25c each.
Clusters of above varieties . . . . .	25c to \$1.00 each.
*rigidissimus (Rainbow cactus) . . . . .	25c to \$1.00 each.
*triglochidiatus-dubius, Rare . . . . .	25c to \$1.00 each.
delatetii (Hairy) . . . . .	50c to \$2.50 each.
CEREUS Carnegiea gigantea (Arizona Giant) . . . . .	\$1.50 per foot.
CHAMAECEREUS silvestrii (Peanut cactus) . . . . .	10c to 50c each.
WILCOXIA poselgeria, (Pencil cactus) . . . . .	25c to \$1.00 each.
PERESKIA pereskia (Original cactus) cuts . . . . .	10c to 50c each.
ZYGOCACTUS truncatus (Christmas cactus) . . . . .	10c to \$1.00 each.
MYRTILLOCACTUS geometrizzans . . . . .	25c to \$2.50 each.

ESCOBARIA

*Tuberculosa . . . . .	5c to 25c each.
*Dasyacantha . . . . .	10c to 25c each.
Runyonii . . . . .	5c to 25c each.

NEO-MAMMILLARIA, flat nipple type plants (So-called pincushion).

*Applanta . . . . .	5c to 25c each.
*Meiacantha . . . . .	10c to 25c each.
*Lasiacantha . . . . .	5c to 25c each.
Tropical varieties, Multiceps, karwinskiana, hemisphaerica, decipiens, compressa, parkinsoni, bocasana, crucigera, elegans, candida, fragilis, elongata, scheidiana, and many others . . . . .	25c to \$2.50 each.

CORYPHANTHA—(Division of Neo-mammillaria species).

*Echinus, *Macromeris, *Vivipara, *Neo-mexicana . . . . .	10c to 25c each.
Erecta . . . . .	25c to \$1.00 each.

CEPHALOCEREUS and PILOCEREUS, wooly and hairy types of tall growing cereus.

Cephalocereus Senilis, the Old Man . . . . .	25c to \$1.00 each.
Palmerii, royenii, chysacanthus, celsianus, trollii and strausii . . . . .	25c to \$5.00 each.
Alensis, Rare . . . . .	\$5.00 per foot.
Espostoa lanata . . . . .	\$1.00 each.
Dautwitzii . . . . .	25c to \$2.50 each.
Euphorbioides . . . . .	25c to \$1.00 each.
Polylophus . . . . .	\$1.00 to \$10.00 each.

CEREUS, tall growing types.

Borzacactus straassii, Eburneus C eistocactus baumannii, Harrisia martinii, Harrisia brockii, Nyctocereus serpentinus, Pachycereus marginatus, Trichocereus spachianus, pasacana, bridgesii, candicans, Lemaireocereus griseus, chende, chichipe, stellatus, queretaroensis, laetus, dumortieri. Cereus, peruvianus, bonplandii, jamacaru, validus, monviellea, coryne, chiotilla, and many other varieties . . . . . 25c to \$1.00 each.

OPUNTIAS—The prickly pear, robust cactus of easy growth, flat pads or joints, referred to as Platyopuntia and Tuna.

If you have a surplus of plants in cacti or succulents we will exchange with you. Write us what you have. Give botanical name when ordering plants or exchange. We do not recognize common names. All orders shipped by second class express. The average rates are cheaper than parcel post and better handling. Cacti and succulents are fragile plants and must be handled with care.

These Small Jars, Vases,  
and Plants Make Excel-  
lent Table Favors.
